

Job Description

[◀ Previous Job](#)**Postdoctoral Fellow**[Next Job ▶](#)

Publish articles in peer-reviewed journals.

Perform other related duties as needed

Responsibilities

The Fellow will contribute to a research program that seeks to answer the following research questions: 1) how can inclusion-promoting interventions be sustainably integrated into the curriculum, 2) how do the curriculum modifications impact students' interpersonal skills and understanding of inclusive engineering design practices, and 3) what system and structural changes are effective in supporting organizational change? We are seeking a candidate who has a strong record of designing and executing qualitative studies. Qualitative interviewing, participant observation, state-of-the-art analytic techniques and code book development are the essential tools we seek. The Fellow will also have the opportunity to recruit and mentor a team of undergraduate research assistants.

Required Qualifications

PhD in psychology, organizational behavior, organizational justice, organizational change, sociology, engineering education, learning scientist, ethnography, or related fields.

Preferred Qualifications

The ideal candidate should have demonstrated ability to perform both quantitative and qualitative analysis, although our primary need is qualitative.
